EASY, PEASY, LEMON, SQUEEZY!

It's never been easier to enjoy organic lemons! Here at Patagonia Orchards we've got your lemon-libations covered with 400 acres of the juiciest, most flavorful organic lemons on the market. Our Sonoran Desert groves are a sublime mix of searing temperatures, brilliant blue skies, dramatic sunsets and lemon infused ocean breezes.

Let us drive your summer sales with cosmetically perfect lemons featuring an outstanding flavor profile. Our Sonoran season will end October 31st. We expect the Sonoran harvest to be up from last season about 400% and will jump up next season by another 600%. Then we move into our Arizona harvest.

We want to be your main squeeze! Let us set you up this season and into the next as we build solid, long-term programs. With our beautifully redesigned double-stacked bar codes these lemons make your sales easy!

Patagonia Orchards' Quality

- Beautifully designed GS1 double stacked barcode to save time at checkout and ensure accurate tracking
- Uniform sizing and counts in Fancy & Choice
- Quality assurance by a team of experts trained to the highest citrus standards in grove management, harvest and and post-harvest operations

Program Availability

- August 15 to October 31st
- Good volume through summer into fall. Talk to us about Ad Lids

Our dedicated lemon growers and our food safety director
